

Long Island Regional Seed Consortium Fifth Annual Seed Swap

at Suffolk County Community College

Eastern Campus

Sunday, March 10th, 2019

The Long Island Regional Seed Consortium at the Eastern Campus usually draws several hundred gardeners.

The purpose of the Seed Swap is primarily to:

- educate students and the greater outside community about the value of preserving heirloom and homegrown plant varieties and their stories.
- demonstrate how to save seed and to exchange seed with others who share the same interests.
- provide access to rare seed varieties.

Two-Part Event

11:00am-12:00pm

Presentation

(expert panel and open forum)
Shinnecock Building Auditorium

12:00pm-2:00pm

Preserve Our Seed Heritage!

The Seed Swap is co-hosted by the Garden Club (Eastern Campus), Holistic Wellness Club (Eastern Campus), Student Government Association (Eastern Campus), and FOCUS Committee (Grant Campus). Other participating clubs include: History Club (Grant Campus), Women's Club (Grant Campus), and Shark's Night Club (Grant Campus). We continue to seek student organizations to support this event.
